

# OUR PROPOSITION TO YOU

At AI-4X, we're committed to providing you with an FX solution tailored to your needs. Our approach is grounded in our three-fold construct, DMS. Data, Management, and Strategy. We take your Data, help you manage it and work with our partners to create a dedicated strategy for your business.

## BESPOKE TRADE ANALYSIS

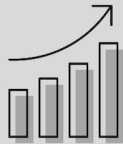

## TRADE DATA ASSESSMENT

### Bespoke Trade Analysis

No promises of fancy rates like many other providers. You are provided with real, tangible results by showing you the rates that would have achieved for your trades. A data-backed, transparent approach.

## RISK MANAGEMENT SOLUTIONS

## HOLISITIC FX STRATEGY

### Trade Data Assessment

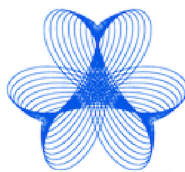

Data-driven decisions. Analysis of your last 3-5 trades and demonstrate the execution rates you could have achieved with AI-4X. 93% of our clients have achieved savings of at least 0.25%.

### Risk Management Solutions

Added specific risk management solutions tailored to your business objectives and risk tolerance. From hedging strategies to risk assessments, backed with hard data from our partners Technical & Fundamental Analysis Team.

### Holisitic FX Strategy

We discuss with you and take the time to gain a deep understanding of your budget rates, forecasts, and 3-5 year business objectives. Pulling these together into a holistic FX strategy.
